TOOTEKIRJELDUS

Kiireim viis puitplaatide ja täispuidu usaldusväärseks ning kindlaks ühendamiseks. Neid kasutatakse laialdaselt nii mööblitootmises kui ka ehituses. Valmistatud kuivatatud pöögist. Nende kaks faasitud otsa sobituvad ideaalselt ühendatavate detailide vastavatesse avadesse ning tagavad koos liimiga tugeva ja vastupidava ühenduse.
